## SPA MENU

### THERAPEUTIC FACIALS

A combination of pampering facials that bring out your natural glow with treatments that cleanse, tone, and revitalize your skin.

#### THE CLASSIC SKIN SPA FACIAL 60 MINUTES

Our classic European facial is customized using deep cleansing that nourishes and purifies the skin. This therapeutic treatment increases cellular renewal while soothing the skin to a healthy radiant glow.

#### ANTI-AGING FIRING FACIAL 80 MINUTES

An extensive moisturizing treatment enriched with antioxidants and green tea to help revitalize and hydrate the skin. Customized products are selected to help slow the signs of aging by diminishing the appearance of fine lines, increasing cellular turnover, stimulating the production of collagen and elastin. Preventive and corrective homecare is a priority after this treatment.

#### ENZYME REGENERATING FACIAL 60 MINUTES

A combination of potent antioxidants, enzyme proteins, alpha and beta hydroxy acids are used to maximize the skin's ability to neutralize free radical damage. This amazing restorative treatment calms and relieves the skin from day-to-day environmental stress and improves the skin's clarity. It is the perfect antidote for skin that needs a circulatory boost.

#### OXYGENATING FACIAL 60 MINUTES

This refreshing facial utilizes oxygenating products to increase blood flow to nourish and strengthen skin cells. An excellent choice to combat against premature aging and increase cell rejuvenation.

#### REFRESHING MINI-FACIAL 30 MINUTES

A quick pick-me-up that puts the healthy rose color back into your cheeks. A perfect lunchtime treat for the busy person always on the go.

#### TEEN FACIAL 60 MINUTES

School is still in session at The Skin Spa Clinic. Skincare education is important to help teens achieve and maintain healthy skin. This treatment incorporates the basics 4 for the young adult – cleanse, tone, mask and moisture. A consistent homecare should be every student's homework after today's lesson at The Skin Spa Clinic.

### MEDICAL GRADE GLYCOLIC FACIAL PEEL 30 MINUTES

Diminish the appearance of fine lines while improving the skin's texture and tone using this medical-grade glycolic facial peel system. You will definitely achieve the skin enhancing benefits of a high-performance peel after each treatment.

### CRYSTAL-FREE DERMABRASION 45 MINUTES

Using the various diamond tips allows unwanted skin cells to be sloughed away in a very selective and controllable manner, which results in total facial radiance. This is a great treatment for improving skin's texture and pigmentation.

### MICRO/PEEL SYNERGIE TREATMENT 1 HOUR

Unmatched chemical (glycolic) and physical (microdermabrasion) exfoliating systems are synergistically blended together to achieve the ultimate regeneration of skin cells and increase the overall skin metabolism. Patients that have had microdermabrasion and/or glycolic peels in the past will enjoy the benefits of this deeper penetration sloughing system.

### REJUVENATION FACIAL PACKAGE 1 HOUR

A combination of glycolic and/or microdermabrasion is paired with laser technology to safely treat acne scarring, uneven pigmentation, large pores, texture, and diffuse redness such as rosacea. The Laser Genesis therapy coupled with glycolic and/or microdermabrasion will definitely restore the skin's youthful glow and texture.

### PHOTOREJUVENATION FACIAL PACKAGE 1 HOUR

A combination of glycolic and/or microdermabrasion is partnered with intense pulse light therapy to safely and quickly get rid of discoloration often resulting from sun damage, age spots, and melasma. The treatment is ideal for mottled complexions.

### ENDERMOLOGIE 30 MINUTES

A soothing and stimulating treatment to increase blood circulation, beautify the skin and promote body contouring. This therapeutic treatment temporarily improves the appearance of cellulite and circumferential body measurements of cellulite treated areas. Relax and rejuvenate your mind and body as you experience the benefits of this massage-like sensation.

### UV SAFE AIRBRUSH TANNING 30 MINUTES

A healthy alternative to beach tanning. This airbrush tanning artistry allows you to have golden hues without the ultra-violet rays. The UV Safe Tanning Solution, DHA, is a sugar derivative that reacts with the amino acids found naturally in the stratum corneum to produce brownish polymers creating a tanning effect. Tanning formulations are often custom blended per client so your air brush tan is personalized for you and your skin tones.
